

Bellagio Blouse

Shirt Club
Pattern

This beautiful, feminine blouse may be a bit of a project, but it is worth every minute. The optional neck and cuff ruffles add a soft touch, but the blouse would be just as elegant without the ruffle. The slightly open neck is as comfortable as it is pretty, while the 3/4 length sleeves allow freedom of movement without sacrificing style.

What is a Shirt Club Pattern?

Shirt Club Patterns are designed so you can mix and match. Any shirt/blouse bodies will easily interchange with any of the sleeves.

A Note about Button Loops

There are several ways to make small button loops for the center front of garments. You can make a long strip of fabric or you can use rattail cording (a satin-like small cording easily purchased in any fabric store and available in many colors.)

Our favorite method for button loops is to use Soutache Cord. Soutache is also easily available in any fabric store - comes in lots of colors - is very inexpensive - doesn't come out of the seam - and is flat and easy to use. Give it a try and it may become your next favorite 'Sewing Trick'.

Here is a picture of Soutache Cord so you will know what to look for - it will be with the trims.
